Development Services**

[www.bitwiseonline.com](http://www.bitwiseonline.com)  
BitWise Ventures Pvt Ltd

We create user-friendly,  
fast, robust, secure &  
scalable software  
solutions for  
businesses.

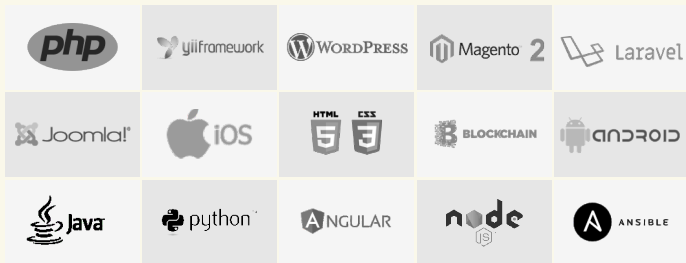

We believe that software has  
to be built with **meaning,**  
**substance & intelligence.**

It should be **affordable**  
but not cheap, **fast** but  
not resource hungry,  
**smart** but not complex.

& Yes, it should be **FUN!**

# Our Tech Stack

and more..

More than the technology, we believe it is the approach and the process that matters, while writing a software. Technologies keep changing, but processes remain.  
WE TAKE THE STRESS OUT OF DEVELOPMENT.

# Our Clients

Startups or Giants, Big or Small, each client to us is very precious. Listing all, where we made a difference, minute or major.

We are happy to connect you to any of these, and get a feedback on our work ethics, quality standards and commitment levels.

Yes, we worked for the almighty Google. We have done videos, newsletter designs and few more things for Google India.

Another feather in the cap - McKinsey Knowledge Center - India.  
We did a organizational consensus mapping tool for McKinsey based  
on S-RAY concept. Also we did few animated videos for  
their product launches.

Multiplayer Real Time Game

Logo, UI/UX all done by our team

First of its kind, the app was made to function in both portrait and landscape mode.

This was a turnkey project for us. We did complete competitor analysis, tech-stack research and then zeroed on UNITY. The UI/UX was also done by our Branding and Designing vertical - BitWise Branding.

The game had various variations of the Teen Patti game, public and private tables, invitations, multiple simultaneous tables, boot amount configuration, user to user chip transfer, buy chips via bitcoins, admin panel and lots more.

UI/UX all development

The Scope :

A custom design and custom e-commerce engine was to be created.

We got the direction that the design has to have an Indian touch, 'coz the workout is inspired by Indian dance form "Bhangra".

Bespoke designs were created.

Then our development team created a complete e-commerce engine which was tailored to the need of this business.

CrypKart is the FIRST OF ITS KIND peer to peer crypto trading platform listing multiple crypto currencies + provide proper business management modules to traders.

At CrypKart.com P2P exchange, people from different countries can exchange their local currency to BitCoin (and other cryptocurrency).

The site allows users/traders to post advertisements where they state exchange rate and payment methods for buying or selling cryptocurrency. You reply to these advertisements and trade directly with any of the listed payment methods and your mode of payment. As a security measure the under trade cryptocurrency is placed in escrow with CrypKart.com. The escrow is only released once the seller has realized the payment.

### **Pravienna Naidoo**

Learning/Memory/Wellbeing  
/Academic Life Coach, NLP  
Practitioner, Private Social  
Worker at EQUILIBRIUM  
COACHING ACADEMY

September 5, 2017, Pravienna was  
a client of Pratik's

We first worked with Pratik Jain and Bitwise Solutions in 2012, when Pravienna was doing a stint in Ahmedabad - we are based in South Africa. We have worked with Bitwise Solutions since then, where they continue to support on the websites they have developed for us - as well as with the various mail boxes they have set up for us, and other back end support. One of the most rewarding things about working with Pratik and his Team is the fact that they are extremely responsive. It helps that they are four hours ahead of us; and this means that when we send through any requests, they are usually on track by the time we start our next working day. Pratik is always helpful, considerate, and obliging; and constantly shows an eagerness to go the extra mile no matter our needs. We strongly recommend him as an asset to any individual and / or business wishing to work with him and the Bitwise Team. Pravienna Naidoo & Tshenolo Motlhala (Directors: Brain Dynamics - South Africa). It has been many years since BitWise Solutions have been our IT partner. They have always been there for all our software needs. Worked with them on several websites. The best thing about them ? They listen. They understand. They advise on what is right and what is not. Engage them if you want quality work and peace of mind. [See less](#)

### **Abhisek Jain**

Service Manager & Product Owner at Liberty Global, Netherlands

August 31, 2017, Abhisek worked with Pratik but at different companies

Brilliant, Disciplined, Visionary and Thorough Professionals. Pratik is one of the most hard-working, super-talented and most humble professional I have come across. He has been my go-to person whenever I need ideas, thoughts, feedback or critical point of view related to software and web development - his depth and breadth is amazing. He is always so dedicated to the projects-in-hand and goes out of his way to deliver and keep clients happy. He is a hands-on technology person and a great leader. A quality of Pratik which I really admire is that he truly practices the phrase, "Knowledge increases by sharing, not by saving." His smile never fails to charm - clients and employees, equally. A person filled with positivity, he spreads the same energy around. His company, BitWise Ventures have been our software comrade for the last so many years. Creative Synergy has collaborated with BitWise on several occasions and the outcome has always been 10/10 - true synergy. The team at BitWise has always supported us with complementary skills, whenever situations have demanded. A great and highly motivated workforce, personally mentored by Pratik. I highly recommended Pratik and his team at BitWise for all your i.t. needs like web development, mobile apps, games and customized solutions consultancy. My best wishes to Pratik for all his future endeavours. Sky is truly the limit for you. Keep shining![See less](#)

August 29, 2017, Sarina was a client of Pratik's

Its been many years since Pratik and his team at BitWise took over my complete IT department. They have a complete team working for MasalaBhangra now - right from maintaining website, to customer support to app development and support, hosting and more. Recommend them for any web based OR mobile apps requirement. [See less](#)

**Jaimin Parmar**

August 29, 2017, Jaimin was a client of Pratik's

Pratik and his team at BitWise developed an ERP system under my supervision. It was a great experience. They addressed everything from the big picture to the details. The ERP was delivered with complete satisfaction.

**Adam Shaw**

Operations Director at Simon Property Group

August 26, 2017, Adam was a client of Pratik's

Loved working with BitWise! Have done two or three sites with them now as well as recommended them to friends. They always replied promptly, had genuine advise, and was reasonably priced. I would absolutely was them again!
